

## QUEENSMEAD PRIMARY ACADEMY

# Foundation Stage Behaviour Management

In the Foundation Stage we believe that rewards and sanctions should be given instantly in order for the children to understand that all behaviour, whether it is good or bad, leads to a consequence.

Rewards given include verbal praise and a smile, stickers, a 'smiley face' on individual reward charts, special class treats, and the opportunity to take the Class Bear home.

Sanctions are as follows:

Step 1 – Verbal warning.

Step 2 – Second verbal warning and a reminder that they have now been told twice.

Step 3 – Time out in own class with a three - five minute sand timer.

Step 4 – Time out in another class with a three- Five minute timer.

Step 5 – A privilege/ favourite activity is disallowed. For example, if a child enjoys playing with the bricks but is constantly throwing them at other children, they are not allowed to play with the bricks for the rest of the session. The parent is then informed verbally.
