

Week Beginning 4th May – Animals

Our theme this week is Wild Animals. We will be reading and recording some poems for you to watch on Flipgrid Storytime (see school website), from the book 'Rumble in the Jungle', so take a look and learn about the animals!

Which wild animals do you know about? Where do they live? What do they eat? What are their babies called? If you have a computer at home, you could find some pictures of them on Google. Maybe you could try writing some of the letters in each of the animal names.

Have a look at our resources for this week – there are some animals for you to print, colour and cut out. There are also stands and bases to cut out, so you can make them stand up!

Can you draw an elephant? Use the guide in this week's resources to help you (and use an adult too!) Can you colour your elephant too?
