

## What is deforestation?

Re-read the first two pages of the book. Why do you now think the man is cutting down the tree?

Watch the following video to explore deforestation and its impact:

Summarise in a concept map why people cut down trees in the rainforest and the impact it might have, e.g.

Look beyond the knowledge in the film, e.g. If the trees are cut down, what impact will that have on the local environment and eco-system (animals/wildlife/ plants)? On the wider planet?
