PUPIL ATTITUDE SURVEY 2025 RESULTS

Each year we seek the views of the children at Queensmead Primary Academy in years 3-6 about various aspects of their education, attitude to learning and approach to homework.

The outcomes are the children's own views on the different questions asked. These questions were completed independently so that children could give their honest and true opinion on each question.

This helps us to better understand the work of our academy, what we do well and the areas we need to improve from the perspective of the pupils.

We use this information, alongside the Parent Questionnaire and internal monitoring and evaluation, to update the academy development plan so that we can do things better for our pupils.

Thank you for taking the time to read these results.

Our School Aims

*We want our school to be a place where we are safe: to learn,
have fun and work hard.*

*A place where we are kind and mindful of everyone and have
positive attitudes for our bright futures.*
