- * Explore 'real-life' toys such as a mobile phone, CD player or microwave.

Learning to share at home

***Below are a number of activities that both you and your child could enjoy together allowing them to consolidate their learning by enforcing links between the classroom and the outside world.**

- Share a book with your child daily, making it a fun and special time. Encourage your child to tell you something they remember about the story.
- Encourage your child to look for numbers when you are out and about, e.g house numbers, numbers on buses.
- Provide regular opportunities for your child to count e.g when selecting sweets or biscuits, or counting steps when going upstairs.
- Encourage your child to make marks at every opportunity e.g by drawing a picture for a friend, writing their name in a birthday card, helping you with a shopping list, using chalks to draw on the path outside.
- Talk to your child about their school session – ask them who they played with, what they did etc.
- Encourage your child to recognise their name at every opportunity e.g write it on a card and stick it around the house.

HOME LEARNING AUTUMN TERM FOCUS - **Developing Self- Confidence**

*Encourage your child to talk about the world around them, eg when on the bus, walking to school, or when out with the family. The questions they ask are important. Your role is vital.

*Communication is vital; make sure your child responds to you and all of the familiar people around them.

* Play a game with your child, to encourage sharing, turn-taking, interaction and fun!
