

Wednesday 25<sup>th</sup> March

LO: To Create a headline and introduction for a news report

Remember the aliens have invaded – they were seen at the school and are now among us! It is up to you what they do, if they are seen again or leave, if they are dangerous or friendly.

What headline could you have to attract the attention of the reader?

Ensure it is bold and eye-catching!

Then create the introduction. Remember that it must include the 5 Ws:

What?

Who?

When?

Where?

Why?

Note the answers to these questions then create into an introduction paragraph.

*An example...*

*Yesterday afternoon, whilst everyone was enjoying the sunny April weather, a UFO was spotted circling the city of Leicester by many local residents. The aliens seem to have been visiting the local area and studying the city in detail. What could they want with us?*
