

Imagine you are strapped into the Virgin Galactic, ready to take your first trip into space.

Describe the Virgin Galactic. What does it look like? What is it like inside? Is the seat comfy?

Source: Steve Jurvertson

Is your journey orbital, suborbital or lunar?

Before you fly.

How do you feel?

What can you see, hear, smell?

During your flight.

Describe what you can see, hear, feel.

What are the other people on board doing?

How does your journey end? Do you make it back to Earth? Do you discover another planet?
