

Writing Task

Watch the video at the link below.

<https://www.literacyshed.com/the-lighthouse.html>

Your task is to write a diary as one of villagers who came together at the end of the video clip.

Remember a diary is focussed on your thoughts and feelings of the characters, it has an informal style. This does not mean that you cannot use the features below in your writing, just think about your character as you're writing- would they say that? Would they think that?

You may want to make the diary seem very ordinary, till the extraordinary occurs at the end.

Features to include
