

Andy Goldsworthy

Who is Andy Goldsworthy?

Andy Goldsworthy is an artist from Scotland. He makes sculptures and other works of art out of natural materials: like wood, leaves or stones.

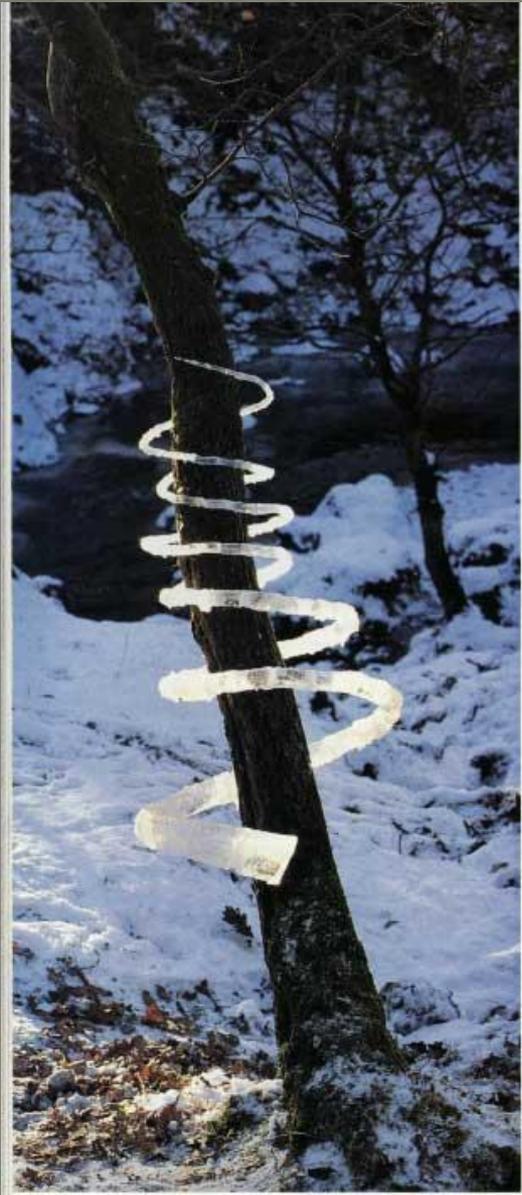

This sculpture is made of stones.

This is made of stones too

Can you see what he's
wrapped around this
tree?

It's ice!

These are created using dandelion flowers - some as they grew and some picked to position.

This is made
of ice and
maple leaves.

This is
made from
leaves too.

- Try making your own Andy Goldsworthy-style picture!
- Three choices:
 - 1. Collect items (leaves, sticks, stones) from outside to use for your picture
 - 2. Collect items from indoors (cutlery, pencils, books) to create a picture in the same style using them.
 - 3. Use a template to make a repeating shape and create a drawing like those he makes.
- You may be able to upload a picture of your work to purple mash blogs or email – great if you can, no problem if not. Good luck.
