

Name : _____

Score : _____

Teacher : _____

Date : _____

Find the Missing Factors.

1) $20 \times \underline{\quad} = 260$

2) $342 = \underline{\quad} \times 19$

3) $19 \times \underline{\quad} = 475$

4) $112 = 14 \times \underline{\quad}$

5) $644 = 23 \times \underline{\quad}$

6) $9 \times \underline{\quad} = 261$

7) $232 = \underline{\quad} \times 8$

8) $\underline{\quad} \times 8 = 64$

9) $\underline{\quad} \times 22 = 418$

10) $7 \times \underline{\quad} = 175$

11) $30 \times \underline{\quad} = 360$

12) $\underline{\quad} \times 30 = 450$

13) $\underline{\quad} \times 25 = 650$

14) $\underline{\quad} \times 8 = 240$

15) $\underline{\quad} \times 24 = 264$

16) $126 = \underline{\quad} \times 18$

17) $638 = 22 \times \underline{\quad}$

18) $450 = \underline{\quad} \times 25$

19) $224 = \underline{\quad} \times 16$

20) $391 = 17 \times \underline{\quad}$
